Our focus for our spectator guidance is to find the safest way possible to allow parents and a few others in to watch the games in person. We are hoping to have games available to stream online by the start of the season. We want to ensure that our players are safe and that parents can attend in person. Other community members and relatives may need to watch the games online. We know that isn't ideal, but we want to keep our athletes and families as safe as possible to ensure the games can be played. Thanks for your understanding. More information is being provided below.
